Lieutenant Governor

Narrative

The purpose of this survey is to locate a portion of the Summit-Morgan County line described as follows:

Morgan County, "to the summit of the cross range through which the upper canyon of the East Canyon creek runs; thence easterly along the summit of said last mentioned range to, and thence northerly along, the summit of the range between East Canyon creek and the Weber river to the Weber river."

Summit County, "thence southwesterly down said last mentioned summit to and directly across the Weber River; thence southerly along the summit of the range separating East Canyon from the Weber Valley to the summit of the cross range through the upper canyon of East Canyon Creek runs; thence westerly to the summit of the Wasatch Range."

The portion of the description that will be surveyed is part of the summit of the range that divides East canyon from the Weber Valley lying in Sections 29, 30 and 31, Township 1 North, Range 4 East, Salt Lake Base and Meridian.

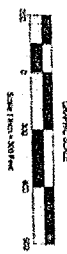

Specifically that portion of the common boundary running from the North line of Section 29 southwesterly through section 29, Section 30 and Section 31, to an intersection point at the summit of the cross range and a projection line along the westerly line of Lot 116, Stagecoach Estates, Plat D.

The Basis of Bearing for this survey is Utah North State Plane Zone (NAD 83). Bearing used North $89^{\circ}56'42''$ West between Northeast Corner and the North 1/4 Corner of Section 29, Township 1 North, Range 4 East, Salt Lake Base and Meridian.

The County demarcation line shown on this survey was established along the summit of a cross range through which the upper canyon of East Canyon Creek runs. Multiple site visits were made by both Summit and Morgan County contract surveyors to make the County line determination.

The orientation of Stagecoach Estates Subdivision shown on this survey is between the Southeast Corner (Original Stone) and a 2-inch pipe at a fence corner at the purported Northeast Corner of Section 32, T1N, R4E, SLB&M. This orientation is in harmony with the records of survey of the Stagecoach Estates Subdivision found on file at the Summit County Recorder's Office.

Physical monuments have not been set along the County line at the time this survey was performed.
